Experience

Dev Academy Aotearoa

Jan-May 2023 Student / Apprentice - Software Development Bootcamp ([certificate link](#))

- ★ 17 week full immersion software development bootcamp that mimics a real-life development team as closely as possible. The course taught us a modern web dev stack with a strong emphasis on human skills, empathy, collaboration and working in teams using agile methodology.
- ★ The course taught us a modern web dev stack using technologies such as
- ★ For our final project ([link](#)), my team of six honed our human and technical skills in creating our app 'Buddy' in less than a week. We each had dedicated roles, I was Scrum Master, where I implemented the efficient use of a Kanban, Standups, Retrospectives, Sprints, and overall made sure our team was working as best we could.
- ★ Throughout my experience at Dev Academy, I learned about the importance of having courageous conversations in the workplace, which I was able to apply in my final group project, and apply for future endeavors. By addressing conflicts directly and respectfully, we

were able to build trust, create a safe space for open communication, and strengthen our team's problem-solving abilities.

- ★ This experience helped me hone my skills in collaboration and navigating difficult conversations, allowing me to effectively advocate for the voices of my team members and ensure that everyone's input was heard and valued in the decision-making process.

Studies, Work & Volunteer

July 2022 - Dec 2022 - Volunteering at WildLife Capture Management, Canada & USA

July 2022 - Dec 2022 - Volunteer work building a website for a Canadian helicopter maintenance company

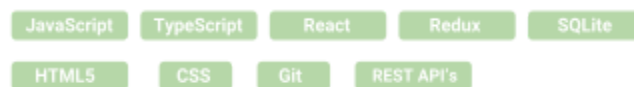

- ★ Reflection: Work on this project was challenging yet rewarding. I learned about aviation and incorporated the knowledge into the visually appealing, functional, and informative website. It helped me develop and refine my project management, communication, and problem-solving skills.
